The Essential Worldwide Laws of Life

Sir John Templeton

The Essential Worldwide Laws of Life Sir John Templeton

What does it mean to live a good life? The major scriptures of the world, various schools of philosophical thought, storytellers, scientists, artists, and historians have all offered answers to this question. Surprisingly, many of these answers are common among nearly all of these sources. Famed investor and philanthropist John Templeton called these commonalities the “laws of life,” and in *The Essential Worldwide Laws of Life* he gathers the best of these teachings into an accessible and inspiring primer on these valuable lessons.

This handsome new volume is aimed at assisting readers of all ages and from all parts of the world to learn more about

the universal truths of life that transcend modern times or particular cultures in the hope that it may help them to make their lives not only more joyous but more useful. The laws that were chosen for this book are both important and possible to apply in anyone’s life. Each law is presented in an essay format, with applications, opinions, stories, examples, and quotations offered to emphasize the validity of the law. Each quotation that serves as the title of an essay points to a particular law that holds true for most people under most circumstances.

The material is designed to inspire as well as encourage readers, to help them consider more deeply the laws they personally live by, and to reap the rewards of their practical application.
