The Legacy of Eric Williams: Into the Postcolonial Moment (Caribbean Studies Series)

The Legacy of Eric Williams: Into the Postcolonial Moment (Caribbean Studies Series)

The Legacy of Eric Williams provides an indispensable and significant understanding of Eric Williams's contributions to the now independent nation of Trinidad and Tobago and his impact on the broader international understanding of the Caribbean. This book stands out because of its simultaneous investigation into Eric Williams as a scholar/intellectual, a political leader, and, most importantly, a key postcolonial figure. Most previous studies have treated these as separate arenas.

The essays here confront the relevance of postcolonialism in understanding Williams's role both in post-independence Trinidad and Tobago and in newer understandings of Caribbean globalization. The volume divides into three broad sections—"Becoming Eric Williams," "Political Williams," and "Textual Williams." "Becoming Eric Williams" provides background on Williams and the Caribbean's ontological quest, addressing what it means to be West Indian and Caribbean. "Political Williams" engages with his policies and their consequences, describing the impact of Williams's political policies on several areas: integration, color stratification, and labor and public sector reform. Williams's far-reaching political influence in these aspects cements his legacy as one of the main public intellectuals responsible for creating the modern Caribbean. "Textual Williams" examines his scholarly contributions from a more traditional academic perspective. These sections allow for a comprehensive understanding of Williams as a man, a scholar, and a politician.

The The Legacy of Eric Williams: Into the Postcolonial Moment (Caribbean Studies Series) will give you new experience in reading a book.

Irma Murray:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's spirit or real their interest. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Legacy of Eric Williams: Into the Postcolonial Moment (Caribbean Studies Series) can make you sense more interested to read.

Tara Winston:
