Flashback J Michael Hunter

Laura McClain has screamed herself awake again. Her old nightmare is back. And now the timid kindergarten teacher is convinced that someone is following her—watching her every move. It could just be coincidence that she and the chillingly memorable man seem to show up at all the same places. Perhaps her paranoia is just a result of her deep fear of change. After all, so much has changed in her life recently. To make matters worse, Laura is now supposed to travel halfway across the country to take possession of a family estate she has inherited. As unnerved as she is with her “stalker” in St. Louis, the plantation in Virginia seems even more frightening to Laura. And what is a Mormon girl going to do with miles of tobacco crop? But then again, maybe the family estate holds the secret to why Laura’s parents would never talk about their past. In hopes of finding clues to this mystery, Laura packs her bags and catches a bus to Bufordville, a tiny town with more than its fair share of rumors, suspicions, and deadly secrets. Then panic sets in as Laura finds her returning nightmare is, in fact, a twenty-year-old reality—a reality that could very well repeat itself. In *Flashback*, J. Michael Hunter weaves well-drawn characters into a finely tuned mystery that will make you a compulsive reader to the last gratifying page.

From reader reviews:

Virginia Benoit:

This Flashback tend to be reliable for you who want to be considered a successful person, why. The key reason why of this Flashback can be among the great books you must have is giving you more than just simple reading food but feed anyone with information that probably will shock your before knowledge. This book is handy, you can bring it everywhere and whenever your conditions throughout the e-book and printed versions. Beside that this Flashback giving you an enormous of experience for example rich vocabulary, giving you demo of critical thinking that we know it useful in your day exercise. So , let's have it and luxuriate in reading.

Kimberly Lunceford:

Reading a book to become new life style in this season; every people loves to study a book. When you go through a book you can get a large amount of benefit. When you read books, you can improve your knowledge, because book has a lot of information onto it. The information that you will get depend on what forms of book that you have read. If you wish to get information about your research, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, this sort of us novel, comics, along with soon. The Flashback provide you with a new experience in looking at a book.

Rudy Hendren:

Do you like reading a guide? Confuse to looking for your selected book? Or your book ended up being rare? Why so many problem for the book? But any kind of people feel that they enjoy with regard to reading. Some people likes reading through, not only science book but in addition novel and Flashback or maybe others sources were given knowledge for you. After you know how the truly amazing a book, you feel need to read more and more. Science e-book was created for teacher or even students especially. Those publications are helping them to bring their knowledge. In different case, beside science guide, any other book likes Flashback to make your spare time more colorful. Many types of book like this.

Jessie Davis:

A lot of reserve has printed but it differs. You can get it by net on social media. You can choose the very best book for you, science, witty, novel, or whatever by means of searching from it. It is referred to as of book Flashback. You can contribute your knowledge by it. Without leaving behind the printed book, it may add your knowledge and make an individual happier to read. It is most significant that, you must aware about e-book. It can bring you from one place to other place.
