*Innovative Discoveries for Ecumenical Ministries* presents pertinent historical pastoral research considerations of the identity crisis in the priesthood requiring reconciliation of the hierarchical authority structures which have impaired authentic Christological pastoral leadership for decades. This work offers multiple infrastructural models for an ecumenical church integrating denominational divisions with leadership planning toward reconciling Protestant, Catholic and Orthodox ministerial structures through liturgical worshiping and para-liturgical celebrating.

Richard Guerrette proposes active provisional mission projects with an innovative focus toward interactional liturgical models of neighborhood communities to compliment the ecumenical hierarchical ministries of Pope Francis with his leadership model of reconciliatory re-building universal ministries with Judaic hierarchies and Orthodox liturgies.
