Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing)

This volume contains articles accepted for presentation during The Intelligent Information Processing and Web Mining Conference IIS:IIPWM'04 which was held in Zakopane, Poland, on May 17-20, 2004. This conference is a continuation of a series of 13 successful symposia and conferences on Intelligent Information Systems, organized by the Institute of Computer Science of Polish Academy of Sciences, devoted to new trends in (broadly understood) Artificial Intelligence. The idea of organizing such meetings dates back to 1992. Our main intention guided the first, rather small-audience, workshop in the series was to resume the results gained in Polish scientific centers as well as contrast them with the research performed by Polish scientists working at the universities in Europe and USA and their foreign collaborators. This idea proved to be attractive enough that we decided to continue such meetings. As the years went by, the workshops has transformed into regular symposia devoted to such fields like Machine Learning, Knowledge Discovery, Natural Language Processing, Knowledge Based Systems and Reasoning, and Soft Computing (i. e. Fuzzy and Rough Sets, Bayesian Networks, Neural Networks and Evolutionary Algorithms). At present, about 50 papers prepared by researches from Poland and other countries are usually presented. This year conference devotes much more attention to the newest developments in the area of Artificial Intelligence, related to broadly understood Web mining.

From reader reviews:

Gonzalo Barnes:

Spent a free the perfect time to be fun activity to do! A lot of people spent their sparetime with their family, or their own friends. Usually they undertaking activity like watching television, gonna beach, or picnic in the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Might be reading a book could be option to fill your no cost time/ holiday. The first thing you will ask may be what kinds of guide that you should read. If you want to try look for book, may be the e-book untitled Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing) can be great book to read. May be it might be best activity to you.

Brian Griffith:

Beside this particular Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing) in your phone, it could possibly give you a way to get more close to the new knowledge or details. The information and the knowledge you will got here is fresh from oven so don't be worry if you feel like an aged people live in narrow village. It is good thing to have Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing) because this book offers to your account readable information. Do you sometimes have book but you would not get what it's exactly about. Oh come on, that wil happen if you have this within your hand. The Enjoyable agreement here cannot be questionable, just like treasuring beautiful island. Techniques you still want to miss it? Find this book and also read it from right now!

Richard Shumate:

You will get this Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing) by go to the bookstore or Mall. Just simply viewing or reviewing it could to be your solve problem if you get difficulties for the knowledge. Kinds of this e-book are various. Not only by simply written or printed but can you enjoy this book by simply e-book. In the modern era just like now, you just looking by your mobile phone and searching what their problem. Right now, choose your personal ways to get more information about your publication. It is most important to arrange yourself to make your knowledge are still up-date. Let's try to choose right ways for you.

Silvia Washington:

Guide is one of source of expertise. We can add our knowledge from it. Not only for students but also native

or citizen need book to know the change information of year to year. As we know those books have many advantages. Beside we all add our knowledge, may also bring us to around the world. With the book Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing) we can get more advantage. Don't that you be creative people? Being creative person must choose to read a book. Simply choose the best book that appropriate with your aim. Don't end up being doubt to change your life by this book Intelligent Information Processing and Web Mining: Proceedings of the International IIS: IIPWM'04 Conference held in Zakopane, Poland, May 17-20, 2004 (Advances in Intelligent and Soft Computing). You can more appealing than now.
