Il Ministero della Paranoia: Storia della Stasi (Le sfere) (Italian Edition) Gianluca Falanga

Il suo peggior nemico: il libero pensiero. La sua arma più terribile: la “Auschwitz nelle anime”, l’annientamento della persona con la violenza psicologica e l’isolamento in carcere. Esercito invisibile al servizio di un regime in guerra col proprio popolo, la Stasi è passata alla storia per l’efficienza operativa e l’ansia paranoica di controllo totale della vita di milioni di cittadini inermi. L’apertura degli archivi riservati permette oggi di guardare oltre il mito e ricostruire l’anatomia di uno dei più impenetrabili protagonisti della Guerra fredda. Come funzionava il sistema del “terrore discreto”, sconvolgente realizzazione del Grande fratello profetizzato da Orwell? E quali furono le operazioni top secret che resero la Stasi leggendaria oltre i confini della DDR?
