## **Fifty Years of International Socialism (Routledge Revivals) Max Beer**

First published 1935, this title presents a series of recollections, some intimately personal, others bearing on the great social, cultural and political issues that faced the Jews and the European population more generally during the first part of the twentieth century. The author specifically focuses on differing attitudes towards the rise of Socialism in Europe, and the fate of nineteenth-century politics in the face of the tumultuous revolutions and counter-revolutions that arose in the aftermath of the First World War.
