## **5 Minutos para crecer (Spanish Edition)** Helios Herrera

5 minutos para crecer te será de gran utilidad porque comprenderás los hábitos que aplican los seres humanos exitosos, productivos, organizados y positivos, lo cual los diferencia de los mediocres, improductivos, desorganizados y negativos que hacen de su vida una eterna lamentación, produciendo una vorágine de pesimismo a su alrededor que afecta a sus familias.

Creo firmemente en los conceptos que expresa Helios y más en el énfasis que imprime a ellos; a toda acción siempre corresponde una reacción que depende en gran medida de cada uno de nosotros cambiar los pensamientos y las acciones para recibir todas las bendiciones que la vida nos tiene preparadas.
