## Applied Developmental Psychology: Volume 1

Applied Developmental Psychology is a collection of papers from different experts in the field of psychology in an attempt to put forth a vision of psychology as a developmental science through its applications in different studies.

The book covers topics such as the history, the “applied” perspective, and a research strategy for psychology; rationale for the focus and the status of studying, as well as societal and psychological trends related to studying; and the study of the cognitive process related to watching of television. Also covered are topics such as the development of peer relations in children with autism and the studies of stress-resistant children.

The text is recommended to psychologists, especially those who would like to research on how the field can be viewed as a developmental science.
