Mike Dunn

Offa's Dyke Path (Cicerone Walking Guide) Mike Dunn

This guidebook - which includes both a guide to the route and a separate OS map booklet - describes Offa's Dyke Path National Trail from south to north, following the longest linear earthwork in Britain, running 177 miles along the English-Welsh border between Sedbury (near Chepstow) and Prestatyn on the north Wales Coast.

The book splits one of Britain's classic trails into 12 stages suitable for walkers of all abilities. Step-by-step route descriptions are accompanied by 1:100,000 OS map extracts. Also included with this guidebook is a booklet of 1:25,000 OS maps, which provides all the mapping needed to complete the trail in a compact form. A trek planner gives at a glance information about facilities, public transport and accommodation available along the route.

The walk is astonishingly varied, taking in the lower Wye gorge, the Severn and the Dee rift valley, the pastures and woodlands of the border country, the remote moorland of the Black Mountains and the Clwydian range, and the dramatic limestone escarpments of Eglwyseg mountain. What makes it even more special is over 60 miles walking alongside the Saxon earthwork of Offa's Dyke.
