## **Great Pages Start With Great Titles**

**Create more scrapbook layouts while saving more time**

Are you a busy scrapbooker who wants to get more pages done and still be creative? **All About Us: Scrapbook Titles** will help you:

## **Spend more time creating and less time searching for the perfect title**

You waste precious time if you spend hours browsing the internet looking for scrapbooking titles. You can spend that time scrapping instead! As a busy mom and freelance writer, I have a schedule that often leaves me with little time for my hobbies. So I use this book to stop wasting time searching, and spend more time actually creating. Here, I share my best titles for making “All About Us” family scrapbook pages.

## **Come up with creative titles in a snap**

Owning this book means you never have to scramble for titles ever again. A quick download will take the hard work out of hunting for just the right words. Then you’ll have these creative prompts ready to use for those days when you’re uninspired to scrapbook, when you don’t know what titles will work, or when you have to think up titles on the fly. Your journaling and layouts will read better, look better, and become even more meaningful.

## **Never run out of titles for your pages**

You know, of course, that this hobby runs on creativity. The problem is that, sometimes, you encounter scrapper’s block. You run out of ideas, and your pages lack variety. That’s why I included so many titles in this collection, and organized them in categories that work for the way many of us scrapbook.

Whether you like funny, inspirational, serious, or heritage scrapbooking, you can look through a category and choose a title, or ignite your creativity so you can craft your own.

### “All About Us” categories:

- Our Body
- Our Emotions
- Our Heritage
- Our Life Stages
- Our Values
- Our Thoughts

### How to use this book

The titles in each category are arranged alphabetically.

To make a layout for a daughter, you can look up **Our Emotions** ==> **Joy**, and use photos of quirky smiles, funny faces, etc.

Or create a page for a wedding scrapbook, and pick **Our Life Stages** ==> **Marriage**.

Here’s another approach that focuses on relationships: **Our Heritage** ==> **Family Tree**, which documents the way that daughter is like other family members.

### More Benefits! Use this book to:

- get journaling ideas based on one of these titles
- take handmade greeting cards up a notch with scrapbooking quotes
- share titles at a crop (and maybe swap for supplies!)
- create layouts that go beyond who/what/where/when, and celebrate relationships and connections
- make your own “All About Us” album about the people you love. Scrapbook family history, personalities, values, and more
- save time and effort as you create more pages without sacrificing creativity

### About The Author

Over 10 years, I watched my scrapbooking time shrink as life became busier and busier, with family, work and daily activities. My creative approach eventually combined Stacy Julian’s Library of Memories and Becky Higgins’ Project Life system. Then I put together this collection of scrapbook titles and quotes, and now save even more time and effort. This approach works for me, it works for many scrapbookers, and it will work for you.

Create great pages with great titles. Get the book today.
