SPOILS OF WAR

The action smacks of black ops, but Mack Bolan is willing to deal himself into the game at Stony Man's bidding, riding shotgun with Cobra Force Twelve on a mission to round up the worst of the worst, from Africa through the Middle East. It is a quick and dirty sweep of the most wanted of global terror.

But Bolan's gut tells him something is wrong from the start, and that Colonel Ben Collins and his force of hardcases are into more than American justice— something that smells like blood and betrayal. Playing it out long enough to separate the truth from the lies, the Stony warrior wades through the slaughter zones, hunting the enemy and watching his back. If some or all of Cobra Force turn out to be vicious, merciless predators hiding behind the Stars and Stripes, they'll learn the sword of justice cuts both ways.
