## The New Economy and Economic Growth in Europe and the US (American and European Economic and Political Studies)

There are many issues relating to the new economy in Europe and the USA that are unexplored. Here, the authors present innovative theoretical and empirical analysis on Internet dynamics, productivity growth and organizational changes in selected OECD countries. New empirical findings related to telecommunications, Internet and growth also are presented. Based on the theoretical and empirical analyses, various policy options are developed. Policy measures, both at the regional and national levels, can stimulate structural change, knowledge diffusion and economic growth. Different governance strategies for the Internet and e-commerce are identified from a global perspective.
