Transformations: Thinking Through Feminism

Beverley Skeggs

Transformations: Thinking Through Feminism Beverley Skeggs

With contributions from some of the most important current feminist thinkers, *Transformations* traces both the shifts in thinking that have allowed feminism to arrive at its present point, and the way that feminist agendas have progressed in line with wider social developments.

A thorough reassessment of feminism's place in contemporary life, the authors engage in current debates as diverse as globalization, technoscience, embodiment and performativity, taking feminism in fresh directions, mapping new territory and suggesting alternative possibilities.
