Cyber Crime Investigator's Field Guide, Second Edition Bruce Middleton

Many excellent hardware and software products exist to protect our data communications systems, but security threats dictate that they must be further enhanced. Many laws implemented during the past 15 years have provided law enforcement with more teeth to take a bite out of cyber crime, but there is still a need for individuals who know how to investigate computer network security incidents. Organizations demand experts with both investigative talents and a technical knowledge of how cyberspace really works. Cyber Crime Investigator's Field Guide, Second Edition provides the investigative framework that needs to be followed, along with information about how cyberspace works and the tools that reveal the who, what, when, where, why, and how in the investigation of cyber crime.

This volume offers a valuable Q&A by subject area, an extensive overview of recommended reference materials, and a detailed case study. Appendices highlight attack signatures, UNIX/Linux commands, Cisco PIX commands, port numbers targeted by trojan horses, and more.

From reader reviews:

Kimberly Dyson:

Nowadays reading books be than want or need but also be a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of reserve you read, if you want drive more knowledge just go with education books but if you want sense happy read one together with theme for entertaining such as comic or novel. The actual Cyber Crime Investigator's Field Guide, Second Edition is kind of reserve which is giving the reader unstable experience.

Keven Peterson:

Your reading 6th sense will not betray a person, why because this Cyber Crime Investigator's Field Guide, Second Edition guide written by well-known writer who really knows well how to make book which can be understand by anyone who all read the book. Written with good manner for you, dripping every ideas and writing skill only for eliminate your current hunger then you still skepticism Cyber Crime Investigator's Field Guide, Second Edition as good book not only by the cover but also by content. This is one reserve that can break don't assess book by its include, so do you still needing a different sixth sense to pick that!? Oh come on your studying sixth sense already said so why you have to listening to one more sixth sense.

Jessica Jones:

This Cyber Crime Investigator's Field Guide, Second Edition is great guide for you because the content that is full of information for you who else always deal with world and also have to make decision every minute. That book reveal it info accurately using great manage word or we can state no rambling sentences within it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but tricky core information with wonderful delivering sentences. Having Cyber Crime Investigator's Field Guide, Second Edition in your hand like keeping the world in your arm, data in it is not ridiculous a single. We can say that no book that offer you world inside ten or fifteen second right but this book already do that. So , this is certainly good reading book. Hey Mr. and Mrs. stressful do you still doubt this?

Stacy Brooks:

Is it you actually who having spare time after that spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This Cyber Crime Investigator's Field Guide, Second Edition can be the respond to, oh how comes? The new book you know. You are thus out of date, spending your time by reading in this fresh era is common not a nerd activity. So what these guides have than the others?
