My Name Is Rastislav Rastislav Gazik

Dear readers, I hope that you will find some relaxing and chilling time reading my book and hopefully few of you might even use my cool inputs and advices I tried to present in the book in your everyday life.

I have always wanted to leave on The Planet Earth something with my name on it, some kind of legacy and this was perfect opportunity for me how to express myself, my opinions, perspective on certain things, situations, to share my thoughts and real life experience throughout the story of Rastislav.

Lot of people have hidden characteristics, skills, they don't even know about and by being passive and by not trying to achieve new horizons, goals in their life, they will probably never find out more about themselves.

I would like to encourage YOU, dear readers, be always active, full on. Set yourselves new goals and time frames within you would like to achieve them, challenge and explore your personalities by doing things you have never done before and one day you might find out, there is always so much to live for.

I used a lot of real life situations in my story, which influenced my wave of life, changed my point of view at certain things and this way I can pass it on to you, my readers and help you to make some changes in your life if needed, required.

Hope you will enjoy reading it and if only one of you will find something in the story, that will help you to become more YOU, then I succeeded here.

Regards,

Rastislav Gazik
