The Gospel for Children, And Everyone Else John B. Leuzarder

This unusual book does something we sometimes take for granted: it methodically teaches the Gospel of Jesus Christ to young children and because it is simple it is a great teaching tool and reminder for adults. This is of no small importance because, as we learn from the first chapter of Romans, this Gospel is the power of God for the salvation of everyone who believes. It has a color picture for each major point and then has a page at the end with just the pictures as a memory device to help children recall these truths. The statements made on each page link right to a supporting scripture passage, making this ebook helpful for adults as well as children.
