The Sophia Teachings Robert A. Powell

Sophia: Archetype of the Divine Feminine - On The Sophia Teachings, scientist and scholar Robert Powell uncovers a secret stream of wisdom flowing through the heart of Christianity: the feminine principle known in Greek as "Sophia," or Holy Wisdom herself. This sacred embodiment – named in the Old Testament as the first living being made by God – has comforted and guided seekers of truth in every age and culture, including our own.

In this epic, six-cassette work, Robert Powell unveils Holy Sophia's path from ancient goddess to our modern archetype of feminine wisdom. He surveys the wonders and teachings associated with this unacknowledged treasure from Christianity's mystical past, spanning the Greek philosophers ("lovers of Sophia"), King Solomon (the archetypal seeker of wisdom), and the cosmic visions of Hildegard of Bingen and the Russian Orthodox "Sophiologists" of this century. Communion with Holy Sophia, Powell shows, has profoundly influenced the very foundations of our civilization and its spiritual development. Who is this archetype of the Divine Feminine, and what does she mean to us today? Combining historical facts with theological insights, Powell vividly portrays this beloved figure's rebirth in our time as a source of supreme comfort and higher inspiration. Powell explores the Christian esoteric secrets of Sophia in detail for the first time, offering meditations and instructions on how each human being can begin to embody the wisdom of Sophia. The Sophia Teachings represents the most complete audio study course ever to unveil and embrace the "Mother of all humanity." 10-page study guide
