Stories of Culture and Place: An Introduction to Anthropology Michael G. Kenny, Kirsten Smillie

This original introduction to cultural anthropology is a textbook like no other. Structured as a narrative rather than a compendium of facts about cultures and concepts, it invites students to think of anthropology as a series of stories that emerge from cultural encounters in particular times and places. These moments of encounter are illustrated with reference to both classic and contemporary ethnographic examples—from *Coming of Age in Samoa* to *Coming of Age in Second Life*—allowing readers to grasp anthropology's sometimes problematic past, while still capturing the excitement and potential of the discipline.
