The Night Eagles Soared

S. B. Newman

The Night Eagles Soared S. B. Newman

Tonight's operation was different, and the team stood behind the behemoth plane, looking into it through the open tail section. The sound of the jet-powered generators on board was deafening, and each man listened attentively as their company commander congratulated them upon being the first team selected for such a prestigious mission.

During the ensuing flight, the sergeant in charge of this elite team takes time to relate the story of how he was selected to lead the first team into Afghanistan after 9-11. Serving as a member of the Army's Special Forces for over twenty years, Mike has done and seen things, both good and bad, that most people could never conceive. His memories take the reader on a thrilling journey into the jungles of South America and across the deserts of the Middle East, through "The Night Eagles Soared."

"The Night Eagles Soared by S. B. (Steve) Newman pulls the reader into the life of the United States military's men and women. The sacrifices, training, and dedication of these individuals are astounding. I always knew that their mission was dangerous. Reading about some of them in detail brought a face and heart into the picture. As a civilian I urge you to read this book to gain more appreciation for the price paid for our freedom and protection." Elaine Littau, author of *Nan's Journey* and *Elk's Resolve*
