## **Jade Man's Skin (Moshui)** Daniel Fox

In this soaring epic, Daniel Fox weaves the ancient myths and legends of feudal China into a fantasy world of brutal war and brittle passion, immortal gods and mystical creatures.

With the long-chained dragon now free and the rebels' invasion smashed by her exultant fury, the balance of power has changed. Young emperor Chien Hua is no longer struggling for survival; now he is ambitious to strike back. As treacherous General Ping Wen whispers in the emperor's ear, not even Chien Hua's beloved concubine or his most trusted bodyguard can reason with him. Worse, prolonged exposure to magical jade is changing him radically: His increasingly godlike powers are making him dangerously rash.

But with the dragon patrolling the skies above and the strait beneath, the emperor's forces have no hope of launching a counterattack—until a goddess moves to interfere. Yet neither the clash of armies nor the opposing wills of goddess and dragon can decide ultimate victory or defeat. The fate of the war lies in the blood-deep bonds between the dragon and the boy Han, her jailer and her liberator—and in the prices both will pay for their freedom.
