Modern Brazilian Portuguese Grammar: A Practical Guide (Modern Grammars)

John Whitlam

Modern Brazilian Portuguese Grammar: A Practical Guide (Modern Grammars) John Whitlam

Modern Brazilian Portuguese Grammar: A Practical Guide is an innovative reference guide to Brazilian Portuguese, combining traditional and function-based grammar in a single volume.

The *Grammar* is divided into two parts. Part A covers traditional grammatical categories such as agreement, nouns, verbs and adjectives. Part B is carefully organized around language functions covering all major communication situations such as:

- establishing identity
- making contact
- expressing likes, dislikes and preferences.

With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Main features of the *Grammar* include:

- clear, jargon-free explanations
- emphasis on the language as it is spoken and written today
- extensive cross-referencing between the different sections.

A combination of reference grammar and practical usage manual, *Modern Brazilian Portuguese Grammar* is the ideal resource for learners of Brazilian Portuguese at all levels, from beginner to advanced. It can be used independently, or in conjunction with the Modern Brazilian Portuguese Workbook, see ISBN 9780415566469.

John Whitlam is a freelance writer, university lecturer and lexicographer based in Rio de Janeiro. He has authored a number of language teaching books and project coordinated and co-authored three of the best-selling bilingual dictionaries of Portuguese and English.
