## **Right Beside You: Nobody Dies, They Just Change** Jennifer Carl

Right Beside You is a true story about a woman whose disbelief in the afterlife drastically changes forever after the passing of a close Native American relative, whose spirit returns to guide her to her life's purpose.

When Jennifer, who lives in Maine, has an awful feeling that something has happened with her Native American family back home in Wisconsin, she is stunned to learn that her feeling is right. As a disbeliever in the afterlife, she at first fails to see the messages put in front of her from her now deceased relative, but as time goes by, she realizes that there is no other explanation for the very strange coincidences that take place, other than that her relative is still with her, looking after her, and guiding her to an amazing path in her life that she may have otherwise missed.

Jennifer learns to not only recognize signs from her loved one, but to also recognize messages from the loved ones of others. Although it takes time for her to come to terms with the reality of her situation, she eventually accepts it and learns to share these messages with those for whom they are intended. As her skills continue to evolve, she comes to understand that her life's purpose is to teach people what she knows about the continuity of life.

In Right Beside You, Jennifer teaches readers how to embark on their own spiritual journey of self-discovery, using the methods taught to her by her closest spiritual guide, her Native American relative. As a medium, or spirit messenger, she encourages readers to take the driver's seat on their path of life and empowers them to follow their own spiritual signs along the way. She believes that by following our own spiritual guidance system, the true purpose of our life becomes more clear, and that the path to get there is illuminated brightly to guide us with unconditional love.

#### **Lisa Robinson:**

As a pupil exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some publication, they are complained. Just very little students that has reading's soul or real their passion. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Right Beside You: Nobody Dies, They Just Change can make you truly

feel more interested to read.
