Deborah Nolan, Duncan Temple Lang

Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series) Deborah Nolan, Duncan Temple Lang

Effectively Access, Transform, Manipulate, Visualize, and Reason about Data and Computation

Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving

illustrates the details involved in solving real computational problems encountered in data analysis. It reveals the dynamic and iterative process by which data analysts approach a problem and reason about different ways of implementing solutions.

The book's collection of projects, comprehensive sample solutions, and follow-up exercises encompass practical topics pertaining to data processing, including:

- Non-standard, complex data formats, such as robot logs and email messages
- Text processing and regular expressions
- Newer technologies, such as Web scraping, Web services, Keyhole Markup Language (KML), and Google Earth
- Statistical methods, such as classification trees, k-nearest neighbors, and naïve Bayes
- Visualization and exploratory data analysis
- Relational databases and Structured Query Language (SQL)
- Simulation
- Algorithm implementation
- Large data and efficiency

Suitable for self-study or as supplementary reading in a statistical computing course, the book enables instructors to incorporate interesting problems into their courses so that students gain valuable experience and data science skills. Students learn how to acquire and work with unstructured or semistructured data as

well as how to narrow down and carefully frame the questions of interest about the data.

Blending computational details with statistical and data analysis concepts, this book provides readers with an understanding of how professional data scientists think about daily computational tasks. It will improve readers' computational reasoning of real-world data analyses.

From reader reviews:

Charlotte Ramsey:

Book is usually written, printed, or created for everything. You can learn everything you want by a book. Book has a different type. To be sure that book is important matter to bring us around the world. Adjacent to that you can your reading skill was fluently. A publication Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series) will make you to be smarter. You can feel much more confidence if you can know about almost everything. But some of you think that will open or reading a book make you bored. It is not make you fun. Why they are often thought like that? Have you in search of best book or suited book with you?

Carl Johnson:

Now a day people who Living in the era just where everything reachable by talk with the internet and the resources inside it can be true or not demand people to be aware of each details they get. How individuals to be smart in acquiring any information nowadays? Of course the solution is reading a book. Studying a book can help people out of this uncertainty Information mainly this Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series) book since this book offers you rich data and knowledge. Of course the info in this book hundred per cent guarantees there is no doubt in it you probably know this.

Tara Payton:

Don't be worry in case you are afraid that this book may filled the space in your house, you can have it in e-book way, more simple and reachable. This specific Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series) can give you a lot of friends because by you investigating this one book you have matter that they don't and make anyone more like an interesting person. This specific book can be one of one step for you to get success. This publication offer you information that perhaps your friend doesn't realize, by knowing more than some other make you to be great folks. So , why hesitate? Let us have Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series).

Gail Blakely:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book has been rare? Why so many concern for the book? But just about any people feel that they enjoy regarding reading. Some people likes studying, not only science book but in addition novel and Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series) or others sources were given know-how for you. After you know how the truly amazing a book, you feel want to read more and more. Science guide was created for teacher or maybe students especially. Those publications are

helping them to include their knowledge. In other case, beside science book, any other book likes Data Science in R: A Case Studies Approach to Computational Reasoning and Problem Solving (Chapman & Hall/CRC The R Series) to make your spare time far more colorful. Many types of book like here.
