The Affair at Honey Hill Berry Fleming

While Berry Fleming's interest in history has produced two books of non-fiction, one of which dealt with the Civil War (*Autobiography of a City in Arms*), *The Affair at Honey Hill* marks the first time he has used the Civil War as a setting for any of his novels. The story is presented through the eyes of Edwin Daws, a 56 year old Confederate soldier, from his present day (winter, 1864) awareness, as well as his memories, both recent and past. Assigned with his militia company, The Silver Grays, to repel an assault on the railroad leading into Savannah near Honey Hill Plantation, he recalls the month he spent there 18 years earlier, working as a scribe for the Reverend Trezevant Ferebee, and of his growing love for the Reverend's enigmatic daughter-in-law, Julia. What is to become of them now with Sherman's forces moving fast to attack the city? Where is Julia? Can he find her in all this desperate confusion and extricate her? *The Affair at Honey Hill* is a tight and graphic narrative of human beings—civilians and soldiers—caught in the stress of war and defeat, ripe with the sounds and smells and textures of loves and battles, of opportunities lost and gained, and of hard moral decisions.
